# ENGLISH CITY SUMMER CAMP AT MILE BY LONDON SCHOOL

**Native English speaking tutors facilitate wonderful, engaging and fun activities in English to improve student's English skills.**

## **LEARNING BY DOING teaching**

English is practised through language games, activities and dialogues

The camp includes two mornings of sport at the Iris sports centre with Padel lessons, and a morning of swimming at Canottieri Milano Club.

During the time at school, students follow London School's programme of Theatre, Dance, Teambuilding Games, Student Olympics, as well as English language learning lessons and activities.

Students are collected each afternoon from the school day camp.

Families can host a London School tutor, maximising the language immersion experience, this also results in a discount for the camp:
